

FACILITATOR TRAINING CHECKLIST

“Student-Friendly Language” Module

Goal:

Finalize list of content that will be taken to mastery and clarify the skill-level required for mastery. (intended curriculum and instructional contract)

Training Checklist:

- _____ Log in at www.RevolutionarySchools.com (click “User Login” – upper right corner)
- _____ Enter username _____, and password _____
- _____ Click “edit” or the score to bring up the yellow box
- _____ Only content that was scored 3, or aligned to an assessed standard, will show in the grid. (forms Instructional Contract with receiving-grade)
- _____ Page through; determine if all that content is something that you can **realistically** take to mastery next year. Users typically end up with 7-11 screens. Edit score, via scoring buttons, if necessary. *
- _____ Working in the yellow box check-off the targeted skill(s)/“I can” statements for each line of content and “Post”. Don’t get bogged down! (line will auto-advance)
- _____ How to handle a delay: page, skip line, log out and in
- _____ Mark “Phase Complete” when done (okay - only one grade on-screen) and Log-out.
- _____ Materials:
Script, Scoring key, Ground rules, Minutes book, Content-area topic outline

*Need to retrieve more content? Once you are done, go into eCore Mapping, mark “Phase “INcomplete”, and score additional lines “3”. Once you’ve got them all, go back into Student Friendly Language and select skills for newly added content.
